Case Manager – Fayette County Clinic

We are seeking a compassionate and proactive Case Manager to provide Case Management services to the identified target population and their families from a child and family team service approach in order to maintain the integrity and quality of the mission and vision of best practices/approaches to treatment. The Case Manager will assist the youth and his/her family to access mental health, social services, educational services, and other community-based services and supports as identified by the Child and Family Team. Participates in the meetings of the Child and Family Team and assists with developing the initial ISP based on the family's strengths and needs, including a comprehensive 24-hour crisis plan. The ISP should reflect the best possible fit with the cultures, values, and beliefs of the family. Advocates and serves as a liaison for the child/family when new services/resources need to be sought/developed.
